Cohen's Lottery & Exchange Office

HOC SIGNO FORTUNA.

BALTIMORE THURSDAY, May 30th, 1822.

Capital Prize next Thursday!

As heretofore announced, the 16th drawing of the *Monument Lottery* will take place on Thursday next, the 6th of June, when the first drawn number will be entitled to *Ten Thousand Dollars!*

Yesterday's Drawing.

The Official List of yesterday's drawing will be found on the opposite page. The floating prize of \$,000 dolls. came out to No. 8515. We have not yet ascertained into whose hands this favor of Fortune has fallen. The lucky holder can immediately receive the Cash.

Gain of the Wheels.

In consequence of the continued gain of the Wheels of the Monument Lottery, and the important period of the Scheme which approaches, the price of Tickets will soon be considerably advanced. Our friends at a distance will notice this intimation, and should send on their Orders without delay. Twelve Dollars is the present rate. Address Orders as heretofore to J. I. COHEN, Jr. *Secretary to the Managers*—BALTIMORE.

Agriculture.—It is much to be feared that the crop of Wheat will be very light this harvest. We learn that in Washington, Frederick and Montgomery counties, all famed for the growth of wheat, there will scarcely be any crop at all, and on the Eastern Shore, the fields that have been opened by the frost, are now wasting under the effects of fly and sedging. The average crop in Maryland cannot be more than half a crop from present appearances, and the fear is that it will be much less even than that.—*Easton Gaz.* May 18.

Accounts from Buenos Ayres state, that vaccination was becoming pretty general in the principal towns. The Lancasterian system had been established some time ago in Buenos Ayres, by a Mr. Thompson, and was followed by Montevideo; but, the new relations of the Brazils have given rise to factions in that city, whose animosity must tend sooner to restore the province to its former political connexions with La Plata.

The Mexican minister Elizaldi, who has been for some time expected from that country, is not now expected before June.

From Buenos Ayres.—Captain Bassett, of the brig *Laura Ann* at New York in 56 days from Buenos Ayres, reports that business was dull and produce high. FLOUR was twenty-five dollars per barrel.

BARBADOES April 25.—Letters addressed to a merchant in this island by two of his friends in England, announce that the bill for the purpose of regulating the commerce with the United States, will be presented after Easter, and will probably be adopted the present session of the House of Commons. Molasses and rum alone and not sugar, are permitted to be exchanged for the products of the United States. It is reported that government has sent out by the last packets an order to open the ports to the Americans.

BALTIMORE SPORTS OF THE TURF.

FAIRVIEW RACES—Monday's Race, the horses entered were *Lady Lightfoot* Mr. Wooden's *Brown Colt* by Tuckahoe, and *Lady Washington* to run

four mile heats. The first heat was run in 8 minutes and 8 seconds, *Lady Lightfoot* coming out first, the *Brown Colt* second, & *Lady Washington* distanced. The second heat was run in 7 minutes and 59 seconds between *Lady Lightfoot* and the *Brown Colt*. Although this was the first race of the Colt and his rider it was very closely and handsomely contested. *Lady Lightfoot*, however, also won the second heat, and took the purse.

TUESDAY'S RACE.—The horses entered to-day were Mr. Wooden's *bay Filly* by Tuckahoe, Mr. Sleeper's *Sorrel Gelding* by Oscar, Mr. Shipley's horse *General Jackson* and *Lady Washington*. The distance of the heats to-day was three miles. The first heat was run in 5 minutes 57 seconds. The *Oscar Gelding* came out first, *Lady Washington* second, *General Jackson* third, and the *Filly* was distanced in the second round, in consequence of the rider's falling. The general impression on the ground was that the *Filly* would have won the race but for this accident. The second heat was run in 6 minutes and 20 seconds. The *Oscar Gelding* again came out first, and won the prize; *Lady Washington* as second, and *General Jackson* last.

In the Thames at New York, from Liverpool, have arrived seventy passengers, mostly farmers, with their families, from Lancashire. They purpose to settle in the state of Ohio.

Domestic Intelligence.

We learn that Captain Spence is appointed to command the *Cyane*, of 24 guns, lying at New York; Capt. Carson to the *Peacock*, 18 guns, lying at Washington, and Capt. Renshaw to the *John Adams*, 24 guns, fitting at Norfolk.—All to cruise for the protection of our commerce in the West India seas, against the piratical depredations of modern Black Beards.—*Wash Gaz.*

The Court at New York, have resolved to defer passing sentence on Mr. Barker, till next term.—Mr. Barker contends that the law under which he has been convicted was abrogated by the new constitution.

Milligan and Welchman, who were convicted some time since of robbing the Phoenix Bank at New-York, and whose sentences have been deferred till this time for the purpose of deciding a point of law relative to the case, were brought to the New York bar on Saturday, and both sentenced to the state prison for nine years at hard labour.

An elegant Arabian horse was brought out in the *Maria*, arrived at New York for H. & G. Barclay. It is considered the finest animal of the kind ever conveyed from Arabia, and the proprietor, we are informed was offered a thousand guineas for it to take to France.

We understand that the keel of a line of battle ship, to mount, it is said 140 guns, will soon be laid at the Navy-Yard in Philadelphia.

New York Union Race.—The second day's purse of \$500, was won by *Lady Lightfoot* with ease in two heats, beating *Lady Rock* and distancing *Sambo*, *Milkmaid* and *Swamp Robin*. Two heats were run of three miles each—time of running 5 minutes 58 seconds.

On the third day Sir Walter was entered to run a single four mile heat against the field, and bets we learn, until after the third round were greatly in his favour. But on the fourth time round, he again bolted the course, and ran with the rider against the

post, which bruized his leg considerably. Eclipse again stands the champion of the Union.

COUNTERFEITING.—A man named Azaria Cooley alias J. A. Beldon, of Massachusetts, on his way to Charleston, in the mail stage, was stopped by Mr. M'Rae, Postmaster at Fayetteville. On his arrest, for some offence at that place, he threw away a bundle of counterfeit notes, which were not discovered unfortunately until after his discharge.

It contained \$500 worth of notes of one dollar of the Bank of the state of South Carolina, altered to 20 and 50 dollar notes, and a variety of copper plates for altering notes of various descriptions. He left Fayetteville for Charleston. He is described to be about 22 years of age, well made, light complexion, light curly hair, dressed in a snuff coloured surtout, light vest and pantaloons.

Charleston Courier.

Latest Foreign Intelligence.

By the arrival of the fast sailing packet ship *Maria*, Captain Fowler, at New York, the editors of the Commercial Advertiser have received London papers to the 13th ult.

GREAT BRITAIN.—The Courier of the 9th, contains the Message of the President of the United States, recommending the recognition of the Independence of Spanish America. The remarks of the Courier upon the subject, are liberal, and are concluded in the following manner. "This is certainly an important transaction, and to no country more so than to England. We have not space to-day, to enter upon those reflections, which it is calculated to excite, but we feel confident that our Ministers will not neglect any allowable means for securing all the advantages which may be derived from a frank and decisive policy with respect to the South American Government.

We can learn nothing of the measures to be adopted by the British Parliament in reference to the opening of the West India ports till after the 17th of April, on which day both houses re-assemble.

The disturbances in Ireland do not appear to have subsided, and the executions of the White Boys continue.

The persons charged with having excited the military to attack the people at the famous Manchester meeting, have been tried and acquitted.

The British government is said to have determined on uniting Upper and Lower Canada, with a view, as it is given out, to save the expenditure incurred by the present double administration.

The story of the assassination of Riego and of the royal family of Spain was not believed, and we learn from the same paper, that the Emperor of Russia has left the dispute between Russia and Turkey to be settled by Austria and England, and that the French funds had risen 2 per cent in consequence of this intelligence.

Disturbances still continue in various parts of Spain. The principal rioters are found among the students of the University.

M. Lea, minister plenipotentiary from the Colombia Republic, residing at Paris, has given in to the European government residing in that capital a demand of the immediate recognition of Colombia as a free and independent State.

The *Lady Popham*, from Jamaica for London with specie, &c. valued at 170,000 sterling, is supposed to be lost. Policies were effected at Lloyd's on the 12th of April at 15 per cent.

The London papers mention that the last winter has been the mildest within the memory of any man living.
